

Learning Overview-Gulworthy Academy

Science			
Class 1	Autumn	Spring	Summer
Cycle A	Everyday Materials What is the best material for...? Identifying and classifying, testing, observing.	Plants Wild and Garden Plants Trees Research, identifying and classifying, pattern seeking, testing, observing.	Animals including Humans Amazing Me Food Chains Research, identifying and classifying, pattern seeking, testing.
Cycle B	Uses of Everyday Materials Recycling Identifying and classifying, testing, observing.	Plants Planting and Growing Seasonal change Research, identifying and classifying, pattern seeking, testing, observing.	Animals including Humans Homes and Habitats People and their Pets Research, identifying and classifying, pattern seeking, testing.

Science			
Class 2	Autumn	Spring	Summer
Cycle A	<p>Animals inc Humans (Y3 and Y4)</p> <p>Research, identifying and classifying, pattern seeking, testing, observing.</p>	<p>Sound (Y4)</p> <p>Research, identifying and classifying, pattern seeking, testing, observing.</p>	<p>Plants (Y3)</p> <p>Research, identifying and classifying, pattern seeking, testing, observing.</p> <p>Rocks (Y3)</p> <p>Research, identifying and classifying, pattern seeking, testing, observing.</p>
Cycle B	<p>Forces and Magnets (Y3)</p> <p>Research, identifying and classifying, pattern seeking, testing, observing.</p> <p>States of Matter (Y4)</p> <p>Research, identifying and classifying, pattern seeking, testing, observing.</p>	<p>Living things and their habitats (Y4)</p> <p>Research, identifying and classifying, pattern seeking, testing, observing.</p>	<p>Electricity (Y4)</p> <p>Research, identifying and classifying, pattern seeking, testing, observing.</p> <p>Light (Y4)</p> <p>Research, identifying and classifying, pattern seeking, testing, observing.</p>

Science			
Class 3	Autumn	Spring	Summer
Cycle A	<p>Electricity(Y6) Research, identifying and classifying, pattern seeking, testing, observing. Animals including humans (Y5) Research,observing.</p>	<p>Forces (Y5) Research, identifying and classifying, pattern seeking, testing, observing.</p>	<p>Animal, including humans (Y6) Research, pattern seeking, testing. Living Things and their habitats (Y6) Research, pattern seeking, testing.</p>
Cycle B	<p>Evolution and Inheritance (Y6) Research, identifying and classifying, observing. Properties and Change of Materials (Y6) Research, identifying and classifying, testing.</p>	<p>Light (Y6) Research, identifying and classifying, pattern seeking, testing, observing.</p>	<p>Earth and Space (Y5) Research, identifying and classifying, testing, observing. Living Things and their habitats (Y5) Research, identifying and classifying, pattern seeking, observing.</p>
